WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Flash Flood Watch for the Kincadee Fire burn area and downstream locations from this afternoon through late Sunday night.
 - Rain will develop this afternoon and continue at least through early Monday.
 - Excessive rain rates and storm total amounts from 3 to 4 inches may trigger flash flooding over the burn area.
- Snow levels today will be around 2,000 to 2,500 feet, however snow levels will raise throughout the day.
 - The Winter Storm Watch has been extended through the weekend.
 - I-80 Corridor over the Sierra will see snow levels at 6,000 to 7,000 feet by Sunday.
- Late Sunday into Monday snow levels will rise to near or above major Sierra Pass levels.
 - Precipitation is still likely but will taper off throughout the day and into early Tuesday morning.
- A storm system will impact Central California this afternoon into Monday. Several feet of snow will accumulate in the Southern Sierra Nevada above 7,000 feet, where a Winter Storm Warning is in effect. The heaviest precipitation will remain north of Tulare County. The majority of this precipitation will fall Sunday.

SOUTHERN CALIFORNIA

- A Flood Watch is in effect for the Southern Sierra Nevada foothills and Southern Sierra Nevada below 7,000 feet from late Saturday afternoon into Monday afternoon.
 - Rainfall amounts of two to four inches are possible.
 - Substantial flooding is possible in the form of mudslides, rockslides, and debris flow.
- A Freeze Warning has been issued for Coastal Counties.
- Snow levels today will be between 3,000 to 4,000 foot range, then increase to over 5,000 feet tonight.
 - Snowfall accumulation is expected between 4 inches or less this evening in San Diego County.
- Rainfall is expected throughout the weekend into Saturday.
 - The heaviest rainfall is expected to remain north of our forecast area, but the northwest portion of San Luis Obispo county may receive 1 to 3 inches of rain.

WEATHER KEY POINTS

11/30/19 - 12/06/19

Saturday-Monday

- Significant precipitation and wind expected to move into northern and central parts of California today through Monday.
 - Significant rain (2.00-4.00") is expected across the Bay Area and over the southern Sierra foothills with strong winds also developing midday Saturday into early Sunday.
 - Brief heavy rain could lead to flash flooding and burn scar impact concerns, though impacts are not currently expected to be widespread.
 - The burn scars which are being actively monitored for potential debris flows during this event are the following:
 - **Kincade (Time of concern: Saturday afternoon through Sunday night), Ferguson (Time of concern: Sunday through Monday)**
 - Torrential rainfall will be possible below 7,000 feet in the Sierra foothills Saturday evening through Monday evening.
 - Winds will be very strong, especially across the Bay Area, where gusts of 45 to 55 mph are expected with the potential of higher wind gusts at times.
- Significant snow is expected again over the Sierras and far northern CA late Saturday through Monday evening.
 - Snow level Saturday and Sunday will be around 1500 feet, but the snow level will increase Sunday into Monday.
 - Interstate and Hwy. passes will once again see significant snowfall.

Tuesday

- Precipitation will continue with snow level rising. No significant impacts are expected.

Wednesday-Thursday

- No significant impacts are expected.

Friday

- The next weather system moves in from the west and will be monitored for any precipitation issues.

- **2019-LAW-8119, 11/29/19, 1039 hours:** received an email from the California State Warning Center (CSWC) requesting to contact Inyo County Sheriff's Office (SO) regarding a mission request for a helicopter to assist in a search for a 77 year-old male who's vehicle was located stranded in the area. **1055 hours:** contacted Inyo SO to confirm their requesting. They were requesting a Blackhawk helicopter to provide transportation from Lone Pine Airport to their search area. The search area was inaccessible by ground, which required searchers to be airlifted into the area. They had approximately 5 searchers they needed transported. **1102 hours:** contacted CNG JOC and made request for helicopter. They were going to check availability and advise. **1214 hours:** CNG JOC advised the earliest they could fill the request was a day and a half. **1217 hours:** contact Air Force Rescue Coordination Center (AFRCC) and made request for helicopter. They were going to determine availability and advise. **1244 hours:** received all from China Lake advising they had been provided information on the mission and were seeking mission approval. **1340 hours:** China Lake advised they had been in contact with Inyo SO and were awaiting mission approval. They estimated they would have approval and be enroute in approximately 30 minutes. **1800 hours:** received call from China Lake advising they had completed mission for the day. They were unsure if Inyo SO was going to request the mission to extend to 11/30/19. **2007 hours:** attempted to contact Inyo SO for a status, but was unsuccessful. Voicemail left requesting a status update. **MISSION ONGOING**
- **2019-LAW-8111, 11/29/19, 0908 hours:** received an email from CSWC requesting contact with Santa Clara SO regarding a mission request for 2 trailing K9s to assist in a search for a missing person (MP) in Joseph Grant Ranch Park. **0936 hours:** contacted Santa Clara SO and confirmed their request for 2 trailing dogs with flankers. MP was reported missing out of Fremont Police Department (PD) on 11/27/19 and was possibly suicidal. MP's vehicle was located near the entrance to the park. Reporting location for K9s was 18405 Mt. Hamilton Rd., Mt. Hamilton, CA. **0941 hours:** contacted State K9 Coordinator and advised him of the request, followed up with an email containing detailed mission information. **1129 hours:** State K9 Coordinate confirmed 2 trailing dogs were enroute with an ETA of a half hour to an hours. Santa Clara SO POC was advised of ETA. **1632 hours:** received an email from CSWC advising Santa Clara SO was extending their search to 11/30 and was requesting 40 searchers and 3 area search dogs. **1652 hours:** contacted Santa Clara SO and confirmed their request for 40 type-2 ground searchers and 4 area search dogs. They requested resources respond to same location as today on 11/30/19 at 0830 hours. **2100 hours:** requested resources confirmed for the 11/30/19 Operational Period. **MISSION ONGOING**
- **2019-LAW-8053:** TACCOM has deployed 1 cache and 1 kit (42) of UHF handheld radios to Santa Barbara Sheriff's Department in support of the Painted Cave Fire.
